

Mystery Pictures

Early pictures of area people and views are one of the most appealing features of the *Gazette*. Pictures are most interesting when they can be properly identified. There are quite a few extant pictures without identification. It is the hope of the editors that readers will recognize some of the people. If you have information regarding any of the pictures below, please contact the editors, Jan and Terry Primas by telephone (573 435-6766), mail (100925 Wester Road, Duke, MO 65461), or email (bigpiney@fid-net.com). Your help in collecting the pictorial history of the area will be appreciated. All of these photographs are courtesy of Bob and Geneva Goodrich from the George Lane Collection.

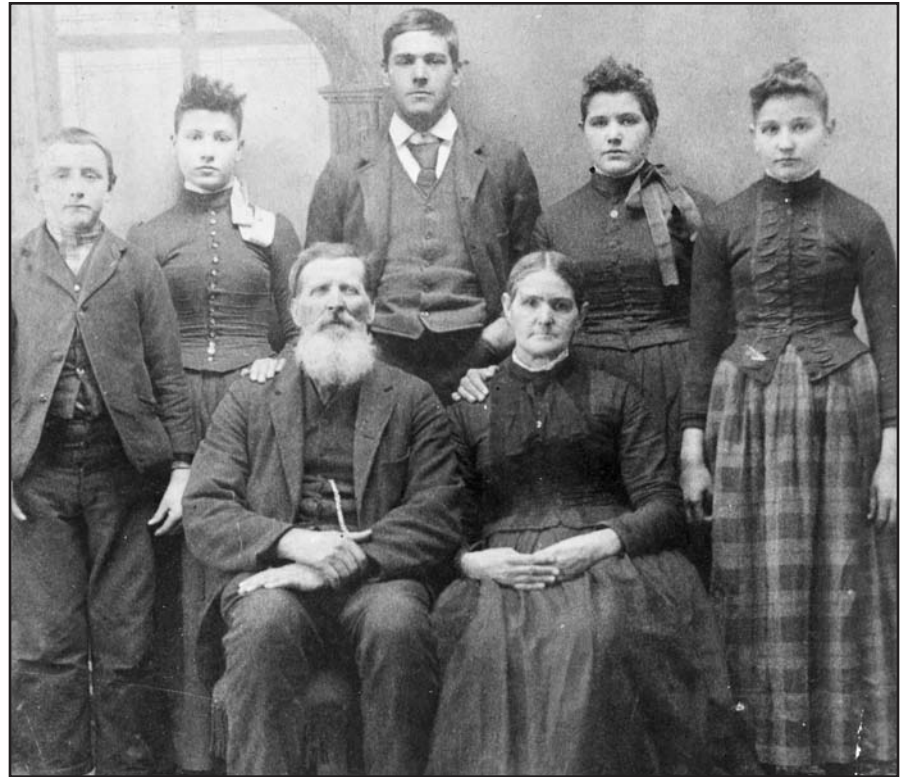

Unidentified family and house

Man on tractor pulling wagon

Four kids
