Take note while you're celebrating our nation's Independence that it's not so much what a man earns as what he saves that determines whether his old age is to be dependent or independent.

THIS SPACE FOR ADDRESS ONLY

The proliferation of banks in 1911 fostered competition and advertising, as in the postcard above offering 4% interest on savings accounts, which was encouraged on the back of the ad card by the Peoples Bank of Dixon (right). Dixon boasted excellent municipal and school bands since the early twentieth century, such as the cornet band at top right, date unknown. Courtesy Jan and Terry Primas.
